M Hunain Tariq

Nationality: Pakistani | **Phone number:** (+92) 3081040961 (Mobile) | **Email address:** tmhunain@gmail.com | **Website:** https://hunain-portfolio-theta.vercel.app/ | **LinkedIn:** linkedin.com/in/m-hunain-tariq | **Address:** E-8, Islamabad, Pakistan (Home)

ABOUT ME

A passionate and curious MERN Stack Developer who loves turning ideas into interactive, user-friendly web experiences. I have a strong command of C++, HTML, and CSS, along with a solid foundation in JavaScript. My technical skill set also includes experience with modern technologies such as React.js, Node.js, Express.js and MongoDB.
As a motivated and enthusiastic learner, I am passionate about applying my knowledge and skills to real-world challenges. I thrive in dynamic environments that encourage innovation and continuous learning, and I am eager to contribute meaningfully to impactful projects and professional growth opportunities.

WORK EXPERIENCE

FULL STACK DEVELOPER – FALCONRY360 – 30/03/2026 – Current – ISLAMABAD, PAKISTAN

Website: www.falconry360.com

- Working with a **Middle East–based GRC (Governance, Risk & Compliance) company** delivering digital business solutions.
- Learning and applying **Angular (Frontend)** and **.NET (Backend)** technologies in a real-world environment.
- Building responsive and user-friendly interfaces using **Bootstrap**.
- Contributing to **business logic implementation** in enterprise applications.
- Gaining practical exposure to **GRC domain workflows and systems**.
- Assisting in **development, debugging, and maintenance** of application modules.
- Improving **performance and usability** of web applications.

FULL STACK DEVELOPER INTERN – PAKISTAN VENTURE POINT – 10/02/2026 – 15/03/2026 – ISLAMABAD, PAKISTAN

- Developed and maintained full-stack web applications using **MERN Stack (MongoDB, Express.js, React.js, Node.js)**
- Designed and implemented RESTful APIs for scalable backend services
- Built responsive and user-friendly UI components using React and modern CSS frameworks
- Integrated authentication & authorization (JWT-based login system)
- Worked with MongoDB for schema design, data modeling, and CRUD operations

INTERN OPERATIONS BRANCH – NATIONAL HIGHWAYS AND MOTORWAY POLICE – 01/07/2024 – 16/08/2024 – ISLAMABAD, PAKISTAN

Website: https://nhmp.gov.pk/ |
Link : https://www.linkedin.com/posts/m-hunain-tariq_internship-nationalhighwaysandmotorwaypolice-activity-7235299540378017792-u5ie?utm_source=share&utm_medium=member_desktop&rcm=ACoAAEenSFsB_ppVIOhy2alMnhH7MDqD9VhrF-8

- Assisted in maintaining and updating internal databases and digital records.
- Supported the IT team in system troubleshooting and routine hardware/software checks.
- Observed and documented processes related to surveillance and data collection technologies.
- Participated in administrative tasks and learned about public sector workflow and reporting.

EDUCATION AND TRAINING

01/03/2022 – 26/12/2025 Islamabad, Pakistan
BACHELORS IN COMPUTER SCIENCE Bahria University

Website www.bahria.edu.pk | **Field of study** Software and applications development

01/03/2019 – 01/03/2021 Islamabad, Pakistan

FSC-PRE ENGINEERING Bahria College Islamabad

Website https://bahrian.edu.pk/

SKILLS

Adaptability | Problem Solving | Leadership | Time Management

Technical Skills

Html | Css | JavaScript | React.js | Node.js | Express.js | MongoDB | TailwindCSS | Angular | Machine Learning | C++ | Python

PROJECTS

01/04/2025 – 12/12/2025

JOBS BRIDGE - Worker Employer Platform

- This project aims to create a user-friendly website that connects employers with skilled Workers.
- This project is built by using MERN stack.
- It will provide detailed profiles of laborers, showcasing their skills, pricing, availability, and reviews, helping employers hire them conveniently and transparently.
- The platform will bridge the gap between laborers, who often wait in local shops or footpaths for work, and employers seeking skilled Labour, thus improving efficiency, transparency, and accessibility in the hiring process.

10/03/2026 – CURRENT

Cash Compass

- Developed a **MERN stack–based web application** for managing personal finances (MongoDB, Express.js, React, Node.js).
- Implementing **secure authentication** using JWT and bcrypt.
- Designing and developing features to:
    - Track **income from multiple sources**
    - Monitor **expenses by categories** (Petrol, Bills, Rent, etc.)
    - Automatically calculate **balance and savings**
- Building an **interactive dashboard** with data visualization:
    - Pie Chart (category-wise expenses)
    - Bar Chart (monthly spending)
    - Line Chart (income vs expense trends)
- Developing **budget management features** including:
    - Savings goals with progress tracking
    - Budget alerts and smart spending insights
- Implementing **monthly filters and downloadable reports** (PDF/Excel).
- Improving **user experience** through a clean, responsive, and user-friendly interface.
- Helping users make **data-driven financial decisions** and improve spending habits.

04/04/2026 – CURRENT

CollabDocs - Real Time Document Collaboration Platform

- Currently developing a full-stack real-time document collaboration platform inspired by Google Docs using the MERN stack.
- Implementing secure JWT-based authentication and role-based access control.
- Enabling live document editing with WebSocket-powered real-time synchronization.
- Building features for document sharing and permission management.
- Developing a responsive React frontend while following production-level security practices.

01/10/2024 – 01/11/2024

HOUSE PRICE PREDICTION SYSTEM

- Created a machine learning-based website to predict House prices in Islamabad using ML Algorithms.
- Developed as a semester project to apply data science techniques.

01/09/2024 – 01/11/2024

FOOD ORDER WEBSITE

- Developed a Food Order Website Using HTML CSS JS and PHP.
- Developed as a semester Project.

Link https://github.com/hunain-tariq/WEB-PROJECTS.git

01/04/2024 – 01/05/2024

TEXTUTILS

- Developed as a practice project using React.js.
- User can paste a text and apply different operations on the text including text to speech, uppercase etc.

Link https://github.com/hunain-tariq/textutils.git

CERTIFICATIONS

01/07/2024 – 16/08/2024

Certificate of Internship

Certificate of Internship from NHMP Islamabad.

Link https://www.linkedin.com/posts/m-hunain-tariq_internship-nationalhighwaysandmotorwaypolice-activity-7235299540378017792-u5ie?utm_source=share&utm_medium=member_desktop&rcm=ACoAAEenSFsB_ppVIOhy2alMnhH7MDqD9VhrF-8

Smart Traffic Management System

- Designed and coded a Semester Project for DLD.
- Lead my team and achieved First position in Project Gala.

Gaza Exhibition

- Certificate for Participation in Gaza Exhibition.
- Lead my team to Design models.
